### **Reasons for Allowance**

1. Examiner has reviewed and considered Applicants comments as indicated on pages 9 – 10 of Applicant's response dated 11/09/2005 and per Applicant's amendments claims 1 & 6 – 30 are now in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

A method of transforming bytecode, the method comprising:

“...wherein the abstract bytecode comprises abstract hardware bytecode and abstract software bytecode...transforming the abstract hardware bytecode into native hardware bytecode wherein the native hardware bytecode includes configuration information for the client specific device; hardware configuring the client specific device using at least in part the hardware native bytecode ”, as best illustrated by figure 6, in such a manner as recited in independent claims 1,19 ,21, 27 and 30 and as pointed out in pages 9 – 10, of Applicant's response (11/09/05).

Therefore, claims 1 & 6 – 30 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
